

## VBA-Series

Polypro Valve Boxes - Valve Boxes with the Best Value for Money.

### Applications

Rectangular and round valve boxes made of plastic permit easy access to electric and manual valves and other equipment used in automatic irrigation installations. These valve boxes are highly recommended for residential systems

### Features

- Boxes made of black polypropylene. Green cover made of same material
- Cover included (except extensions)
- Extensions available for models VBA02674 and VBA02675
- Aesthetic, lightweight, and nest within each other to reduce freight costs
- Lockable cover
- Exclusive T-COVER
- Easy to identify : Molded model number and Rain Bird marking
- Easy to open : Built-in hole and built-in notch for 2 in 1 lifting key
- Pre-cut pipe inlets and outlets. No tools required

## VB Series Valve Boxes

Commercial grade boxes that are loaded with a rich set of industry-leading features

### Features

- **Strength and Stability** – Multiple sizes and shapes are designed with corrugated sides and wide flange bases for maximum durability, compression strength, and stability
- **Smart Lid Design** – Designed with no holes to keep out pests, beveled edges to minimize damage potential from turf equipment, and for easy hand and shovel access
- **Flexible Installations** – Interlocking stacking capabilities, extension models and pipe hole knockouts support deeper and flexible installations
- **Environmentally Friendly** – Earth-friendly, LEED-compliant material made of 100% recycled materials (black boxes and black lids only)
